

Mercer Data Connector

Online data submission made simple

welcome to brighter

Mercer Data Connector is an award-winning, online data collection application that automates survey participation. What used to take days now takes hours!

With its intuitive online experience, you can:

Upload your company data using one file, yours or ours

Review job matches suggested by our proprietary algorithm

Review guided alerts with immediate data verification

Keep up to date with instant visibility to work in progress

How will you benefit?

The automated platform lets you submit data in significantly less time, with less effort. And with our proprietary machine-learning algorithm, participation gets easier year after year.

What clients and users like about Mercer Data Connector

- Seamless data import
- Easy upload and download features
- Notifications of missing data
- Prepopulated forms

The Mercer Data Connector journey

*Based on 2,400+ participating companies with avg 1K+ employee population

What users are saying

System is user-friendly, suggestions are helpful and useful. It definitely saved me time, and I will be happy to use the Data Connector again in the future. Great and innovative IT tool.

- HR Operations Manager, high tech industry

Excellent new tool. Wish all of the other survey providers I use had a tool like this one!

- Director of Compensation, consumer goods industry

I really enjoyed completing Mercer [surveys] this year. Online tool is very user friendly and intuitive. Completing the survey was much quicker and easier than last year.

- Senior Specialist, HR Program Administrator, healthcare industry
